Comment: This workshop was helpfull and I so wish that the dipartment may do the same even to other subjects.				

List 3 topics/activities/concepts that you found very useful and interesting

Atoms, Balancing equations, Connection of Circuits and the body system.

List any topics/activities/concepts that were not covered, or on which more time was needed. Time more time was needed on atoms

Any other comment

Such workshops must be done regutar now and again to help us to teach the learners to pass caps.
