Teachers Across Borders South Africa content enrichment workshops

Venue: Sybrand van Niekerk Secondary School

Date: July 2 - 5

Please complete as honestly as possible;

Facilitation (put an average rating for the facilitation and comment)

Poor	Fair	Good	Very good	Excellent
			<input checked="" type="checkbox"/>	
Comment They were teaching us different method of approaching maths activities-				

List 5 topics/activities/concepts that you found very useful and interesting

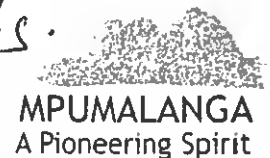

- ① factor game.
- ② Multiples of numbers. 5. probability.
- ③ Polygons
- ④ Integers

List any topics/activities/concepts that were not covered, or on which more time was needed.

① How to calculate $C = \pi r^2 h$, i.e. Circumference, radius etc. ② How to find the gradient, constant value. But I think is just because I am in Grade 7.

Any other comment

I thank you guys for coming to our country and give us this kind of workshop. I was struggling to some of the topics.
